Individual Success | Agency Effectiveness | Community Impact

The MAGNUS – OVĒA New Wave leader reveres the past because of what it teaches, recognizes the present moment because they know how to shape it and realizes what the future can be because they can make it so – RESULTS with CONFIDENCE.

MISSION

MAGNUS-OVĒA Leadership is a theoretical, scientific and practical approach to turbocharging leadership capacity that focuses on teaching officers tactical positive intelligence and psychological triggers to activate deeper self-awareness, self-control, and resilience techniques for enhanced performance, effectiveness, and well-being.

DESIGNED FOR

~ Public safety, military and municipal professionals of all ranks, assignments or job classifications, sworn and non-sworn
~ Ideal for first-line, mid-level supervisors & rising leaders

COURSE OUTCOMES

- Have a scientific and practical understanding of agency culture and VUCA.
- Understand the importance of Expectancy and Reversal Theories for enhanced leadership, resiliency and well-being.
- Develop comprehensive emotional intelligence and cognitive learning tools to enhance leadership & resiliency capacity.
- Increase personal and professional well-being.

"A deep dive into the psychology of law enforcement leadership."

"The best training I've had through my Career with NYPD."
