Individual Success | Agency Effectiveness | Community Impact

The MAGNUS – OVEA New Wave leader reveres the past because of what it teaches, recognizes the present moment because they know how to shape it and realizes what the future can be because they can make it so – RESULTS with CONFIDENCE.

COURSE OVERVIEW

We are living in a rapidly changing world! As culture changes, it is crucial for leaders to adapt to this new dynamic. Public Safety professionals live with volatility, uncertainty, complexity, and ambiguity (VUCA) daily. The scrutiny and criticism pitted against law enforcement today is unprecedented creating increasing stress on law enforcement professionals around the world. GREAT is no longer good enough. This workshop makes the argument that there is a “next” for GREAT leaders. The “next” is to become MAGNUS because the new normal mandates this leadership progression.

- If you are looking to reduce risks and liabilities, “GREAT TO MAGNUS” workshop will deliver!
- If you desire to improve community trust and recognize the need to reduce community criticism, “GREAT TO MAGNUS” workshop is for you.
- If you wish to build stronger leadership, performance and psychological resilience, “GREAT TO MAGNUS” workshop is for you.
- If you are looking to increase retention, “GREAT TO MAGNUS” workshop is for you.

DESIGNED FOR

~ Public safety, military and municipal professionals of all ranks, assignments or job classifications, sworn and non-sworn

~ Ideal for first-line, mid-level supervisors & rising leaders

The great value of MAGNUS Leadership Principles is based on the science and practices of human behavior and are delivered in a format that is easily applicable to our daily lives to improve leadership and well-being of each person willing to apply these principles. The workshop introduces a new theory of human behavior “MAGNUS OVEA” that utilizes a series of interlinking interpersonal and intrapersonal neurobiological capacities designed to turbocharge start performance. Filled with tactical and practical tools, you will be able to identify, relate to and build a road map for your journey to include information on a new set of self-assessments and digital (Android and iOS) tools to measure psychological, emotional and biological key performance indicators.

Learning Objectives: Upon completing the course, each participant will:

- Develop an understanding of GREAT to MAGNUS principles.
- Apply Interpersonal and Intrapersonal neurobiology principles to enhance wellness and wellbeing.
- Identify what sabotages you and how to stop your personal saboteurs.
- Acquire tools to become more and strengthen leadership and performance.
- Learn how to apply Emotional Intelligence and Positive Intelligence principles to daily activities.
- Learn application of Reversal Theory and Transcendent Virtues to become psychologically more resilient.
